By the experience of 75 of your neighbors and friends, keep this fact ever before your mind: The average GAS BILL per month in 75 residences right here in Maysville—where Gas Ranges were in use last summer for the months of June, July, August and September—was \$2.81. Think of it, 9½ cents per day. Where are you getting any such value with any 10 cents that you spend? No other means that you can command will work such wonders at so small a cost. Engineer Sanborn Takes a Look at Maysville's Superb Streets

Councilmen Lee, Eitel, Dodson and Russell, together with Engineer Oliver Ilford, were out yesterday showing City Engineer J. H. Sanborn of Huntington, W. Va., over a portion of the line of the contemplated new brick streets.

The day was propitious, as the descending rain had converted the streets into a regular lolly, and gave the gentleman a proper conception of the miserable condition of affairs and the necessity for immediate action in the matter.

Provided the way is made clear for the improvements it is proposed to begin work a short distance below Wall on Second and extend it to a point beyond Market, then beginning on Third below Wall and then continuing it to the L. and N. Depot. So much of the paving is expected to be completed this year. The side streets will be attended to next year.

It really does look like the City Council is approaching the street question in a sensible, practical way. Keep it up, and the people will stand behind you.

There are yet in this country—and unfortunately some of them in Congress—a gang of “copperheads” who never have a good word for an American soldier.

At Covington JACOB GELLER entered suit against the Pullman Car Company for damages in the sum of \$1,199.90 for injuries received by being struck in the jaw by a pair of tongs. The above sum was named because a suit for \$2,000 would have entitled the Company to an appeal to the Federal Court in case it lost in the State Court; but the suit-bringer might have pumped the claim up to \$1,199.99. However, Damage Suit Lawyers are not given to little things.

The extra session to pass the rectifiers tax bill cost the state \$15,000. Its advocates claim that the bill will pilot \$150,000 a year into the State Treasury. This is based upon the idea, of course, that the rectifiers are fools enough to stay in Kentucky and submit to be robbed; but already the big Walsh Company of Covington, one of the largest in the country, has announced its purpose to move to Lawrenceburg, Ind., where the taxgatherer gives a man a fair deal. More will follow; and thus do our wise law-makers act the goose with the gold-brick age.

It behooves every property owner—and that means everyone who has to furnish the money to pay for the work—to see to it that competent and responsible persons are employed to build Maysville's new streets. A man may be a splendid Physician, and yet he may not know a Theodolite from a Grubbing Hoe. That there isn't a man in Maysville who knows how to build streets—well, just look at what we have, and judge for yourself.

The Courier-Journal relates a conversation that passed between a couple of guests at a local hotel a few evenings ago—

“I understand that there is yellow fever in New Orleans,” said a man to J. F. DENECHAUD of New Orleans in the lobby of the Old Inn last night.
“If you made that remark in New Orleans you would be arrested and brought before the Chief of Police,” replied Mr. DENECHAUD. “You would be required to state under oath from what source you had received your information, and unless you were able to tell you would be sent to prison for ten days or so. The situation in New Orleans is entirely in the hands of the United States authorities, and they are running down every clew to prevent any case of yellow fever from being hidden. One cannot spread an idle rumor and thus start a panic without any foundation for the rumor.”

What a grand thing it would be if the United States authorities had charge of affairs in every town and city in this country, and if the “suppression” applied to that large army which invents fake stories to work off on the eager newspaper correspondent.

Pat was nearing the end of all earthly things. He had been sick a long time, and the doctor had advised him that he had but a short time to live.
As he lay stretched on his bed a savory smell was wafted to his nostrils, and, sniffing feebly, he called to his wife:
“O! say, Bridget, what is that O! smell?”
“Carn bafe an' cabbage, Patsy: carn bafe an' cabbage.”
“Please let me hov a bit av it, Bridget, darlin'. O! I've only a short toime! live now, an' a little av the carn bafe an' cabbage won't make anny difference.”
“Hush, Patsy!” warned Bridget, as she stood by her husband's side. “Thot's fer th' wake.”

House Work

Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration cause fearful bearing-down pains which are aggravated by much standing on the feet, and lifting necessary in house work.

But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism,

Lydia E. Pinkham's Vegetable Compound

has cured more than one million American Women, and it will cure you. When troubled with painful irregularities, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system. I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.

HONORA LILLIAN HENRY,
1118 31st Ave., South, Seattle, Wash.

Do not let disease make headway. Write at once to Mrs. Pinkham, Lynn, Mass. Her advice is free and will contain information of great value to you. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham, and for twenty-five years under her direction and since her decease, she has been advising sick women free of charge.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

Mr. Walter C. Wormald, late of this town, was one of the Assistants to Secretary Smithers at the National Bowling Congress which was pulled off in Louisville.

What matters it if the weather was bad—if rain, wind and snow alternately came—if the winter of January went over to March and the spring maiden's lap held the lingering chap much too long for our pleasure or wishing? We're ensconced in the temple of God's Holy Church, amid the glow and good cheer of warm hospitality, drawn hither by the noble women of the Central Presbyterian Church, who wish a closer intimacy between people and Pastor, newly knit by the cords of acceptance, so that broad, deep and telling work may be built up "In His Name," who first showed us the privilege of gracious association.

Last night in the Central Presbyterian Church from 8 till 10 o'clock the congregation and friends of the Church in Maysville gathered to formally induct into their hearts the Rev. and Mrs. William West Akers, now in charge of and soon to be formally installed as Minister of this progressive Church.

The details of this charming function were perfectly appointed. The auditorium room was converted into a foyer, which held the reception line "as jewels on a chain," so exquisitely gowned and beautiful the women and so gracious and hospitable the men. Green festooning hung from pillar to post and gracefully swung from ceiling and chandeliers, while softest lights from a hundred candles vied with gas to make the occasion aglow with beauty. Delicious refreshments regaled the guests at intervals and a reign of delight stood victor over all.

The central features of the reception were Rev. Mr. Akers and his wife, and a pen sketch of these may fittingly end a tribute to this reception.

Mr. Akers is evidently a strong man. Not above the medium in stature, he stands broad shouldered and flat-footed with a keen, discerning eye and a face betokening that power which profound thought and a spiritual mind impart. Eloquence, too, is denoted, and his whole frame gives forth a strength of zeal and righteousness which is bound to make its impress upon the civic, moral and spiritual life of the old town. His wife is a gracious, cordial, sweet woman, with that soft voice and delightful way which disarms uneasiness in its advance and removes from the meeting plan any formal convention of handshakes, set speech or disproportionate conversation.

When you are wearied from over work, feel listless or languid, or when you cannot sleep or eat, take Hollister's Rocky Mountain Tea. One of the greatest tonics known. 35 cents. Tea or Tablets. J. J. Wood & Son.

The taxation value of Lewis county property is \$2,405,584.

A Council of the Junior Order will be organized at Tollesboro by W. B. Pollitt April 12th.

Judge O. S. Deming of Mt. Olivet made an address at the third National gathering of the "Blue and the Gray," being held this week at Atlanta, Ga. The organization, which is composed of Civil War Veterans, both of the Union and the Confederate Armies, was formed at the St. Louis Fair on June 15th, 1904, for the purpose of forming a great fraternal body, National in its character, of the Blue and the Gray.

REV. GEORGE W. RULAND

Restored to Health by Vinol and Strongly Indorses It.

Prominent men from all parts of the country are indorsing Vinol and strong testimonial letters from four Ministers of the Gospel and several physicians have been received within a week. Such unsolicited testimony as this is the best proof of merit any medicine can have. The Rev. George W. Ruland of Keene, N. H., writes: "I have used your cod liver oil preparation, Vinol, as a tonic, and I do not believe there is any other medicine that can equal it. It built me up and strengthened me when run down and overworked. Vinol has done for me more than was claimed for it."

We honestly believe there is no other remedy or cod liver oil preparation known to medicine that has the healing, strengthening power which Vinol has, and if it fails to create strength and health for run-down, debilitated people, old people, weak, sickly women and children, nursing mothers, and after a severe sickness, or if it fails to cure a hacking cough, chronic cold, throat or bronchial trouble, or to make those who are too thin fat, rosy and healthy, we will return every cent paid us for it.

Is there a sick, ailing or aged person in Maysville who can afford to ignore this generous offer?

TORTURED BY
ITCHING ECZEMA

Suffered Tremendous Itching Over
Whole Body—Scratched Until
Bled—Worse at Night, With
Soreness and Excruciating Pains
—A Western Lady's

WONDERFUL CURE BY
CUTICURA REMEDIES

"Last year at this time I suffered with a tremendous itching on my back, which grew worse and worse, until it spread over the whole body, and only my face and hands were free. For four months or so I suffered the tortures of the damned, and I had to scratch, scratch, scratch, until I bled. At night when I went to bed things got worse, and I had at times to get up and scratch my body all over, until I was as sore as could be, and until I suffered excruciating pains. I did not know what it was, and resorted to a number of blood purifiers, using at times also Cuticura Soap. They told me then that I was suffering from eczema. Then I made up my mind that I would also use Cuticura Ointment and Cuticura Resolvent. I used them according to instructions, and very soon indeed I was greatly relieved. I continued until well, and now I am ready to recommend the Cuticura Remedies to any one who suffers as did your obedient servant. Mrs. Mary Metzger, Sweetwater, Okla., June 28, 1905."

TORTURING, DISFIGURING
Humors, Eczemas, and Itchings
Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalded head—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt.

The Eclipse, the largest and finest boat of her time, was built at New Albany in 1852. She was 365 feet long, and built with the intention of being launched into the river sideways. A friendly rise came along and floated her graceful form without any trouble.

Employers scored the first "open shop" victory of the year against a Labor Union when 150 strikers returned to work for the Chicago Edison Company. The men, who were employed on outside line work, walked out early in December when the Company refused to agree to employ only Union electricians.

Forty years ago the New York Chamber of Commerce raised a fund of \$60,000, which was sent to China for the relief of famine sufferers there. In return the Viceroy of Nanking sent to the Chamber of Commerce a handsome tablet, bearing an inscription in Chinese letters. But no one knew what it meant, and the mystery remained unsolved until the recent visit of the Chinese Imperial Commissioners, when one of them translated it as follows: "There may be a difference in races; there exists a universal brotherhood." Coincidentally, the Chinese are trying to bar American goods from their ports, while the Chamber of Commerce is lending aid to the movement to wipe out Chinatown in New York as a disgrace to the city.

Thousands of men will be thrown out of employment in Ohio by the enforcement of the Aiken \$1,000 liquor tax bill. The 5,000 proprietors of the saloons expected to be closed will be out of employment. At least half of them have bartenders, making 2,500 more. Many porters, men who get up the saloon lunches and bakers thrown out of employment by the decreased demand for bread from the saloons, will lose their jobs. Brewery drivers and other employees at the breweries will also suffer, and it is said that between 10,000 and 15,000 people in all will be put out of employment. Conservative estimates are that 500 to 700 saloons will close in Cincinnati; 400 in Cleveland; 350 in Columbus; 375 in Toledo; 200 in Dayton; 180 in Youngstown; 105 in Hamilton; 75 in Zanesville; 100 in Canton; 75 in Akron; 70 in Springfield; 12 in Norwalk; 18 in Lima, and 14 in Piqua.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

The "Alls Fools Social," to be given Monday evening, April 24, at 7:30 o'clock, at the First M. E. Church, South, promises to be a very enjoyable affair.

Somebody yesterday wasted energy in writing, a sheet of paper, an envelope and a two-cent stamp. When will people learn to sign their names to communications sent to a newspaper?

There is a singular coincidence in the fact that the Ministers occupying the pulpit of the Christian Church in this city for years past had only four letters in their names—Coke, Cree, Moss and Cave.

This city has been exceedingly fortunate this winter. There has not been a fire of any consequence for many months. The \$40,000 taken away from here by insurance companies will go a long way in paying losses at other places.

DECIDE YOURSELF.

The Opportunity Is Here, Backed By Maysville Testimony.

Don't take our word for it.
Don't depend on a stranger's statement.
Read Maysville Indorsement.
Read the statements of Maysville citizens And decide for yourself.
Here is one case of it:
Mrs. Mary Thomas, wife of J. A. Thomas of 204 Limestone street, Maysville, Ky., says:
"I am only too pleased to confirm the statement I made in the spring of 1900 recommending Doan's Kidney Pills, after they had relieved me of backache and other symptoms of kidney trouble. I got them at J. Jas. Wood & Son's Drugstore. During the years that have elapsed since I made that statement I have had occasion to give Doan's Kidney Pills a further trial and I have found that it requires only a few doses to ward off attacks of kidney trouble or to check them before they become serious. I can also point to the case of my boy, twelve years old, who at the time I first used Doan's Kidney Pills was troubled a great deal with weakness of the kidneys and could not control the secretions properly. I gave him Doan's Kidney Pills and he improved rapidly under the treatment. The relief he found has proved lasting and from his experience and mine I am certainly warranted in recommending Doan's Kidney Pills."
For sale by all dealers. Price 50 cents a box
